

HTML and CSS Course Notes text

The HTML and CSS course involves developing a number of small web pages ranging from simple to slightly complex. Students can be asked to type the notes into their basic text editor or be given the opportunity of copying and pasting from the following master sheet (or a combination of both).

Lesson 1-a.htm

```
<html>
<body>
<p>Hello everybody learning to make web pages.</p>
</body>
</html>
```

Lesson 1-b.htm

```
<html>
<body bgcolor="lightblue">
